Allergens: see ingredients in **bold**

Indications

HiPP Organic Growing up milk 3 is intended for use from the 12th month onwards as part of a mixed diet, when moving on from breastfeeding or another formula milk.

Contra-indications

- Not suitable for intravenous use.
- Not suitable for cows' milk protein allergy
- Not suitable for lactose intolerance
- Not suitable for vegetarians.

Preparation

All HiPP Organic products carry preparation instructions on the packaging.

Before feeding the HiPP Organic growing up milk 3, check best before date and shake plastic bottle well. Remove plastic lid and gently squeeze bottle to check if foil seal is intact. Pour required amount of milk into a bottle or feeding cup. A cup or beaker should be introduced as soon as possible to prevent prolonged/frequent contact of teeth with milk feeds which may increase the risk of tooth decay. Feed at room temperature or warm if desired (check temperature before feeding). For hygiene reasons, discard unfinished milk as soon as possible and always within 2 hours.

Pack format and product code

HiPP Organic Growing up milk 3 is available in 200ml ready to feed bottles and in a powdered format (see separate data cards for the powdered product).

Product code: Organic Growing up milk 3 - 200 ml ready to feed - **GB2222-01**

Storage

Store in a cool, dry place and at room temperature, out of direct sunlight.

Important notice: Breastfeeding is best for babies. HiPP Organic growing up milk is intended for use from the 12th month onwards as part of a mixed diet and should not be used as a breastmilk substitute before this age.
