* from organic production

Allergens: see ingredients in **bold**

Indications

HiPP Organic Growing up milk 3 is intended for use from the 12th month onwards as part of a mixed diet, when moving on from breastfeeding or another formula milk.

Contra-indications

- Not suitable for intravenous use.
- Not suitable for cows' milk protein or fish allergy
- Not suitable for lactose intolerance
- Not suitable for vegetarians.

Preparation

HiPP Organic growing up milk 3 is available in both powder and ready-to-feed liquid formats (see separate data card). The powdered product requires mixing with cooled boiled water, which should be measured into a clean beaker; a cup or beaker should be introduced as soon as possible to prevent prolonged/frequent contact of teeth with milk feeds which may increase the risk of tooth decay. Temperature of the milk should always be tested before feeding. All HiPP products carry preparation instructions on the packaging.

Scoop weight – approx. 4.0g

Standard dilution – 12g (3 scoops) + 90ml water

Pack format and product code

HiPP Organic growing up milk 3 powder is available in 600g powder packs and 200ml ready to feed bottles. (See separate data cards for the ready-to-feed product).

Product code: Hipp Growing up milk 3, 600g powder- **GB2079-03**

Storage

Store in a cool, dry place and at room temperature, out of direct sunlight.

Important notice: Breastfeeding is best for babies. HiPP Organic growing up milk is intended for use as part of a mixed diet from the 12th month and should not be used as a breastmilk substitute before this age.
