These nutritional values are subject to the normal variations that occur in products based on natural ingredients.

Ingredients

Skimmed **milk**, **lactose**, vegetable oils (palm oil, rapeseed oil, sunflower oil), galacto-oligosaccharides from **lactose**, potassium citrate, calcium salts of orthophosphoric acid, calcium salts of citric acid, magnesium sulphate, **fish** oil, vitamin C, ferrous sulphate, stabiliser lactic acid, zinc sulphate, vitamin B2, vitamin A, potassium iodate, folic acid, vitamin D, D-biotin, vitamin B12.

Allergens: see ingredients in **bold**

Indications

HiPP Combiotic growing up milk 4 complements the diet of active toddlers from 2 years of age onwards. It is supplemented with vitamins and minerals such as vitamin D and iodine, nutrients that are more difficult to get in the diet but that are important for normal growth and development and for the normal function of the immune system.

Contra-indications

- Not suitable for intravenous use.
- Not suitable for cows' milk protein or fish allergy
- Not suitable for lactose intolerance
- Not suitable for vegetarians.

Preparation

HiPP growing up milk 4 is a powdered product which requires mixing with cooled boiled water, which should be measured into a clean beaker; a cup or beaker should be introduced as soon as possible to prevent prolonged/frequent contact of teeth with milk feeds which may increase the risk of tooth decay. Temperature of the milk should always be tested before feeding. All HiPP products carry preparation instructions on the packaging.

Scoop weight – approx. 3.6g

Standard dilution – 10.7g (3 scoops) + 90ml water (10.7% dilution)

Pack format and product code

HiPP growing up milk 4 powder is available in 600g powder packs

Product code: Hipp Growing up milk 4 600g powder- **GB2035-01 and GB2035-01F**

Storage

Store in a cool, dry place and at room temperature, out of direct sunlight.
