Indications

HiPP Organic First Infant milk 1 is a nutritionally complete, whey-based breastmilk substitute, suitable for babies from birth who are being combination fed or not being breastfed.

Contra-indications

- Not suitable for intravenous use
- Not suitable for cows' milk protein or fish allergy
- Not suitable for lactose intolerance
- Not suitable for vegetarians.

Preparation

HiPP Organic first infant milk is available in both powder and ready-to-feed liquid formats (see separate data cards). The powdered product requires mixing with boiled water cooled to no less than 70 degrees C, then further cooled before feeding to babies. It can be administered from a bottle or feeding cup as appropriate. All HiPP Organic products carry preparation instructions on the packaging.

Scoop weight - approx. 4.3g

Standard dilution – 12.9g (3 scoops) + 90ml water (12.9% dilution)

Pack format and product code

HiPP Organic First Infant milk is available 800g packs, 200ml ready to feed and 90ml ready to feed.

Product code: HiPP Organic First Infant milk powder – **GB2029-01F**

Storage

Packs should be stored in a cool, dry place; do not refrigerate, and use contents within three weeks of opening

Important Notice: Breastfeeding is best for babies. It is recommended that infant formula is only used on the advice of a Doctor, midwife, health visitor, public health nurse, dietitian or pharmacist.
